We aim to deliver sustainable economic performance coupled with good corporate governance and high ethical standards.

**Performance (Economic)**

To achieve this vision, we have formulated our SD 2030 Strategy, which is built on five strategic pillars and embraces the spirit of Creative Transformation. It is underpinned by the creative mindset of innovation and experimentation, and promoted through communication and engagement.

**Places**

Through effective placemaking and long-term placekeeping, we aim to continue to transform the places in which we invest so as to create value, while retaining their character, supporting communities and enhancing people’s lives.

**People**

We aim to create an environment where our employees will be healthier, happier and more productive, to invest in our employees and provide rewarding career paths so as to develop a diverse and industry-leading team.

**We aim to continue to design, construct and manage high quality developments that contribute positively to the communities in which we operate and the environment.**
